A man and a woman are working in a modern office or studio. The woman, on the left, is wearing a dark blue patterned jacket and is using a stylus to draw on a large digital tablet. The man, on the right, is wearing an orange shirt and is also using a stylus on a large digital tablet. They are both looking down at their work. In the background, there are bookshelves filled with books and a red wall with some artwork. The lighting is warm and focused on the work area.

A man with short dark hair, wearing a dark blue sweater over a checkered shirt, is seated at a dark desk. He is pointing with a silver pen at a large, silver-framed monitor. The monitor displays a website with a grid of nature photographs, including a mountain, a waterfall, and a car. The background is a blurred office or home workspace with a lamp and a vase.
